

Latest Update – 2nd November 2020
Government 'Stay at Home' Lockdown

Unfortunately, due to the national lockdown restrictions put in place across England, the park will be closed to Owners and their guests from 5pm on Wednesday 4th November 2020.

After this time, we will be unable to allow Owners access to our park and will have to turn away anyone who tries to enter. This includes checking anything within your holiday home or preparing for winter or maintenance.

This is very disappointing for all of us, if not unexpected.

We will continue to drain down caravans for those Owners that have requested us to do so, if you need to arrange this please give us a call.

If you are unable to visit your caravan by Wednesday and arrange the usual shut down procedure then you should be able to do this once lockdown is lifted, which is currently scheduled to take place on 2nd December 2020.
